## PRODUCT DATA SHEET

### CONTEX SUPREME SENTRA SAE 20W50 API CF

---

#### Description

**CONTEX SUPREME SENTRA SAE 20W50 API CF** multigrade motor oils exceed the requirements of the service category API CF for naturally aspirated or turbocharged four-stroke diesel engines meeting performance requirements established by diesel engine manufacturers worldwide.

#### Application:

CONTEX SUPREME SENTRA SAE 20W50 API CF are high technology products combining a perfect balance of highly refined paraffinic base stocks and the latest additive's technology to accomplish an excellent lubricant for heavy duty and high-speed diesel engines..

#### FEATURES & BENEFITS

- Provides excellent protection to both heavy and light-duty diesel engines extending its durability during the severe operation conditions
- Preserves engine's performance for prolonged periods of time due to additives protecting highly loaded parts from scuffing and wear.
- It helps in reducing operation costs and improves profitability according to its extended oil drain capability.
- High viscosity index to provide an excellent engine protection within a wide range of temperatures
- Its thermal stability provides an optimal performance allowing a minimum loss of viscosity and/or lubricant degradation.
- Reduces the formation of piston deposits and varnish resulting from high temperature operation and sludge typical of low engine temperature service.
- High dispersing properties to control soot and deposit formation avoiding ring and valve clogging
- Its Alkaline Reserve balance is adequate to counteract corrosion due to acid substances formed during the combustion process.

#### Meets or exceeds Specifications:

API CF  
API CD  
SAE J300  
NOM-116-SCFI-1997  
NMX-K-900-CNCP-2013

## Typical Physical Characteristics

Particulars	ASTM METHOD	Test Results
Appearance	Visual	Bright & Clear
Colour	Visual	4.5
Density @ 15 <sup>o</sup> C	ASTM D4052	0.9036
Viscosity, Kinematic 40 <sup>o</sup> C	ASTM D445	183
Viscosity, Kinematic 100 <sup>o</sup> C	ASTM D445	19.6
Viscosity Index	ASTM D2270	123
Flash Point <sup>o</sup> C	ASTM D92	453 (234)
Pour Point <sup>o</sup> C	ASTM D97	-17 (-27)
Total Base Number mg KOH/g	ASTM D2896	11.4
Sulfated Ash	ASTM D874	1.44
