

## PRODUCT DATA SHEET

### CONTEX PROTEC ATF DEXRON VI

---

#### Product Description

**CONTEX PROTEC ATF DEXRON VI** is a high performance, synthetic blend formulation designed for high performance that meets the strict requirements of GM's DEXRON-VI specification. It also provides improved performance in older GM vehicles, wherever DEXRON is specified.

#### Features & Benefits

- Provides consistent shift performance for new and old GM transmissions
- Improved anti-wear protection which contributes to extended transmission life
- Extends transmission fluid life and prevents fluid breakdown at higher operating temperatures
- Provides excellent oxidative stability under severe conditions
- Excellent resistance against sludge and deposit formation
- Protects transmission gears and allows them to operate smoothly
- Excellent low temperature performance

#### CONTEX PROTEC ATF DEXRON VI meets or exceeds the requirements of;

Exceeds the latest performance requirements of DEXRON-III, DEXRON-II  
Meets the performance requirements of Allison C-4

#### Typical Properties:

Properties	Unit	Method	Values
Colour		Visual	Red
Density at 20 ° C	g/mL	ASTM D4052	0.848
Viscosity at 40 ° C	mm <sup>2</sup> /s		29.5
Viscosity at 100 ° C	mm <sup>2</sup> /s		6.0
Viscosity Index		ASTM D2983	155
Pour point	° C	ASTM D5950	-48
Flash point	° C		208
