

PRODUCT DATA SHEET

CONTEX MARINE OIL TBN 50

Description

CONTEX MARINE OIL TBN 50 is extra high performance 50 TBN engine oils designed for use in the most severe residual-fueled medium speed diesel applications found in marine and stationary power industries. It demonstrates excellent high temperature oxidation and thermal stability, low volatility and high load carrying properties and corrosion protection.

Benefits:

- Excellent high temperature oxidation stability.
- Excellent TBN Reserve and Retention
- Good thermal stability
- Low volatility
- High Residual Fuel compatibility
- Outstanding corrosion & rust protection

Application:

Recommended use in the latest model medium speed diesel engines and is especially beneficial in engines having low crankcase oil consumption or engines operating with low cylinder liner temperature. It can be used in most medium-speed trunk piston engine applications. It is recommended for use in main propulsion and auxiliary engines on deep-sea vessels; in main propulsion engines on coastal and river ships; and in stationary power plants.

Typical Properties:

Particulars	ASTM METHOD	Test Results
Appearance	Visual	B & C
Specific Gravity at 15°C, kg/L	D-1298	0.922
Viscosity @ 100 ° C cSt	D-445	14
TBN, mg KOH/gm	D-2896	50
Flash Point (COC) ° C	D-92	230
Pour Point ° C	D-97	-6
Sulfated Ash, wt %.	D-874	6.5
